Note your decision on the appropriate box.

☐ **Approved**

All changes apply.

☐ **Approved in Part**Specify below which changes **do not** apply.☒ **Denied**

State the reasons for denial below.

Comments: Applicant alleges typographical errors. This is not persuasive as it must be clear that it was an error and the correction must have been clear. In the instant case the corrections raise the issue of new matter as it is not clear that the corrections would have been immediately apparent. Further, the corrections appear to materially affect the claims. As such, the changes to the sequences are denied entry.
